GREENGUARD® Gold & ISO 16000-3/6 certified for low VOC emissions

Designed for Comfort

Continuous airflow, motion-activated LED lighting, and comfortable layouts

Reliable Partner

5-year warranty backed by Friant's U.S. service network

The Sweet Spot:

Certified Quality, Smarter Value

This chart shows how leading office pods compare by relative price (vertical) and relative performance (horizontal). Premium brands like Hushoffice land in the high-price, high-performance corner.

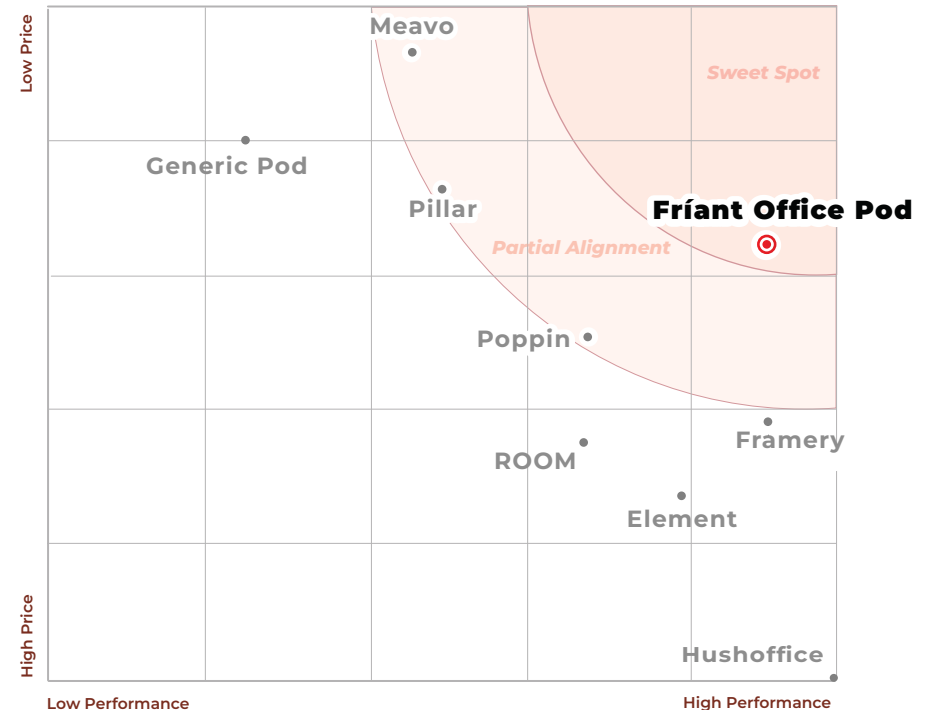

The Office Pod delivers that same certified performance—ISO 23351-1, GREENGUARD® Gold, ISO 16000, UL 962, ASTM E84—at a more approachable price point.

Mid-tier options cluster in the center, while unverified imports fall low on both performance and testing.

The Key Takeaway

The Office Pod brings proven, reliable performance without premium-tier pricing.

Price vs. Performance
